

# Laser Cutting and Engraving Machine with two working areas

## GHM1260T-EL

This machine has two working tables of 1200mm x 600mm, an advanced digital control (DPS), USB, among other features.

It has a motion system that relies on trails, saving you time inserting and removing the materials in which the machine will work. While a table is active, you can load the material in the other.

The machine have two heads, a feature that allows a great productivity.

### Possible Materials

Acrylic, rubber, plastic, paper, crystal, bamboo, wood, embroidery, fabrics, leather and other non-metallic materials.

### Applicable to Industries:

Footwear, Leather, clothing for toys, embroidery, printing, paper, among others.

Technical parameters	
Laser Power	90W x 2
Laser Tube	CO2 Laser Glass
Cooling System	Cooled Water
Engraving Speed	Up to 1200 mm/s
Cutting Speed	Up to 600 mm/s
Power	220V/50 - 60HZ, 10A Max.
Environmental Standards	Humidity: 30% - 80% ( non-condensing )
Trays Dimension	2 Trays ( 1200mm x 600mm )
